## FLOORFIX

### PRODUCT DESCRIPTION

Stainless steel FloorFix screws are suitable for **affixing panel materials, solid wood boards, etc. to wood**. The screw has a scraper groove at the screw tip and is available as a countersunk head screw. The screw's special geometry ensures a **lower splitting effect when screwing in**.

### ADVANTAGES

- The special screw geometry decreases the risk of splitting the wood  
→ No pilot drilling necessary
- A2 and A4 stainless steel offers a very wide range of applications
- Screws can be screwed in smoothly thanks to the TX drive
- Wood construction screw according to DIN EN 14592, CE-certified

### MATERIAL

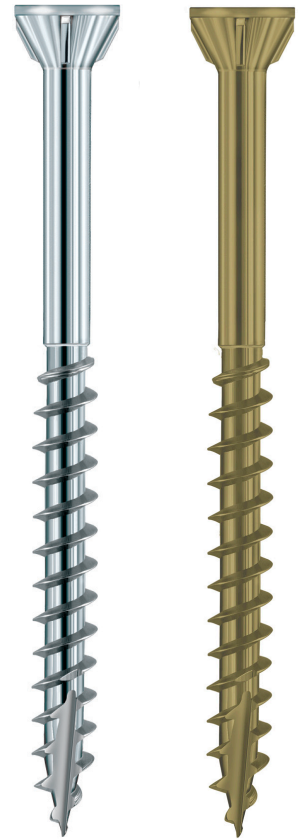

**Austenitic stainless steel V2A 1.4301/X5CrNi18-10**  
(stainless steel according to EN 10088 and technical approval Z-30.3-6)

- Can be used in service classes 1 to 3 according to DIN EN 1995 (Eurocode 5)
- Resistant to rust to a limited extent
- Suitable for atmospheres containing salt to a limited extent
- Acid-resistant to a limited extent
- Not suitable for use in aggressive conditions and chlorinated environments

### APPROVAL

- European Technical Assessment  
EN 14592:2008+A1:2012
