

PRODUCT DATA SHEET

TERRASSOTEC ORNAMENTAL HEAD

PRODUCT DESCRIPTION

The Terrasotec ornamental head is used in deck construction for **fastening decking boards on a wooden substructure.**

Terrasotec ornamental head screws are sold in a **handy bucket containing 200 screws.**

ADVANTAGES AND CHARACTERISTICS

Hardened stainless steel

- Essentially corrosion-resistant, not acid-resistant
- Not suitable for wood containing high amounts of tannin (e.g. cumarú, oak, merbau, robinia and similar).
- Not suitable for chlorinated atmospheres
- Stainless steel according to DIN 10088

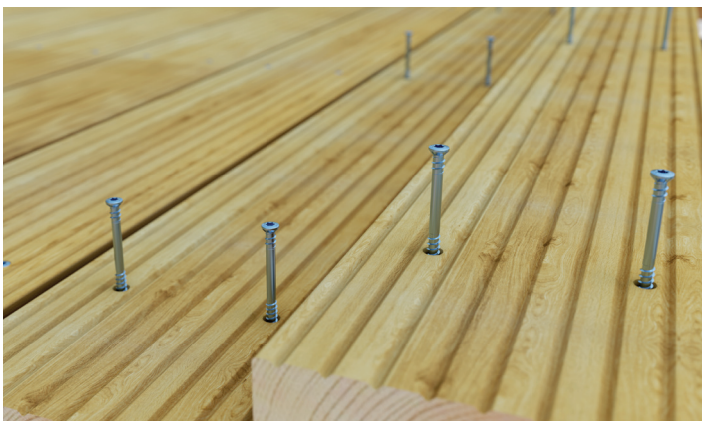

A4

- Corrosion-resistant and essentially acid-resistant
- Suitable for woods containing tannins and salty atmospheres
- Not suitable for use in indoor swimming pools
