## SCREW-IN AID 65°/54°

### PRODUCT DESCRIPTION

The screw-in aid is an easy-to-assemble angle gauge for screwing in Topduo screws at 65° and KonstruX screws at 45° quickly and precisely. Thanks to the screw-in aid's geometry, it can easily be set by hand.

### ADVANTAGES

- Optimal angle for KonstruX (45°) and Topduo screws (65°)
- Easy to set by hand
- Optimal guidance for all screw diameters

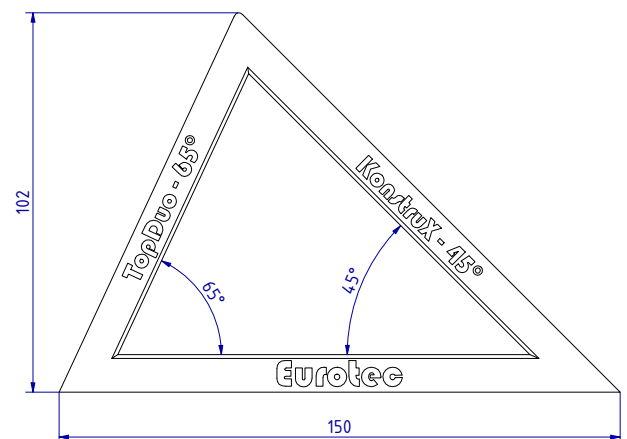

### MATERIAL

- ABS (acrylonitrile butadiene styrene)
- Known for its robustness, hardness and dimensional stability
