

PRODUCT DATA SHEET

ADVANTAGES / SPECIFICATIONS

- Suitable for substructures of aluminium and wood
- Available in four different sizes
- Installation height of 25 – 210 mm
- Load capacity of up to 2.2 kN/pedestal

THE BASE SERIES OF ADJUSTABLE PEDESTALS IS ROUNDED OFF BY FOUR DIFFERENT TYPES OF ADAPTER:

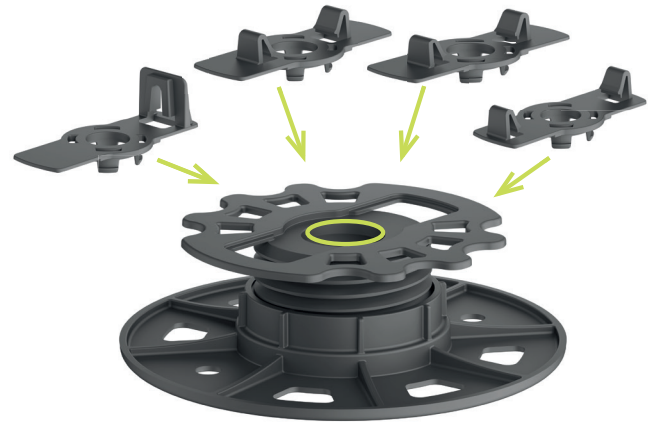

- **Base Adapter L**
intended for classic wooden substructures or modern aluminium substructures
- **BASE Adapter 32/40/60**
for rapid click-in installation of the Eurotec aluminium profiles

NOTE

The BASE Line is not compatible with Nivello 2.0.

PRODUCT DATA SHEET

BASE LINE ADJUSTABLE PEDESTALS

ARTICLES TABLE FOR BASE LINE ADJUSTABLE PEDESTALS

BASE Line adjustable pedestals				
Art. no.	Name	Installation height [mm]	Load-bearing capacity [kN]*	PU**
100000	BASE S	25 – 40	2.2	50
100001	BASE M	35 – 60	2.2	50
100002	BASE L	60 – 110	2.2	30
100003	BASE XL	110 – 210	2.2	20

*The specified load-bearing capacity values are recommended values. With these loads, the adjustable pedestals only deform by approx. 2 mm. The load-bearing capacity before actual fracture is many times higher.

**The BASE adjustable pedestal is supplied with the BASE Adapter L and one screw each per adjustable pedestal as standard. If the BASE adjustable pedestals are used for aluminium, suitable adapters must be additionally purchased.

ARTICLES TABLE FOR BASE LINE ADJUSTABLE PEDESTAL ACCESSORIES

Base Adapter L

Art. no.	Name	PU*
----------	------	-----

Base Adapter L

*The BASE Adapter L is included in the scope of delivery of the BASE adjustable pedestals as standard.

For aluminium or wooden profiles. Suitable for the BASE S, M, L and XL adjustable pedestals.

BASE Adapter 32

Art. no.	Name	PU
----------	------	----

100004

BASE Adapter 32

10

For aluminium profiles with Click system. Suitable for the EVO Light aluminium system profile.

BASE Adapter 40

Art. no.	Name	PU
----------	------	----

100005

BASE Adapter 40

10

For aluminium profiles with Click system. Suitable for the Eveco aluminium system profile.

BASE Adapter 60

Art. no.	Name	PU
----------	------	----

100006

BASE Adapter 60

10

For aluminium profiles with Click system. Suitable for the EVO, EVO Slim and HKP aluminium system profiles.
