

PRODUCT DATA SHEET

PERFORATED PANEL STRIPS

PRODUCT DESCRIPTION

Perforated panel strips are simple and quick-to-assemble connecting elements for narrow wooden parts or structures such as strut connections or truss connectors. They are suitable for wood-wood connections. Our angle fitting screw, for example, is ideal for fastening. We offer our perforated panel strips with thicknesses of 2.0 and 2.5 mm.

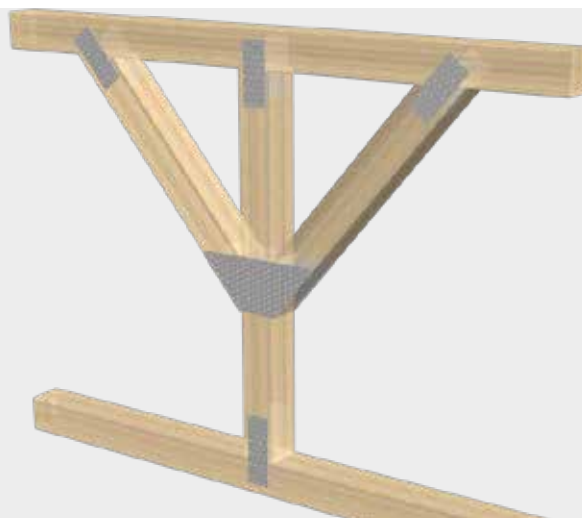

ADVANTAGES

- Quick and easy assembly
- Broad range of application
- Applicable in service classes 1 and 2

Perforated panel strips

APPLICATION IMAGE

Quick and easy connection of several wooden elements by way of the perforated panel strips.
